About the Seminar

In commemoration of celebration of a decade of NRCSS, we are organizing a National Seminar on “Seed Spices- Perspective, Potential, Threats and their solutions”. The main objective of this seminar is to conduct a SWOT Analysis i.e., strength, weakness, opportunity and threats after a decade of research activities. The seminar will consist of invited lectures as well as research findings in theme area and posters.

The Organizers: NRC on Seed Spices, Tabiji, Ajmer

Realizing the potential of seed spices crops for providing income security to the people of arid to semi-arid zone, the Indian Planning Commission, as recommended by the working group of Department of Agricultural Research and Education, approved establishment of National Research Centre on Seed Spices, Ajmer (NRCSS) during 9th five year plan to initiate research work on seed spices especially aimed at improving the productivity and quality with reference to export value and domestic demand. The Centre came in to existence on 22 April 2000. The centre has grown to enviable position now and has made remarkable impact on the improvement of seed spices crops cultivation

Indian society of seed spices (ISSS)

The ISSS is the professional society functioning from premises of NRCSS with the major objective of advancement of seed spices for improving the productivity and quality.

Theme areas:

The seminar proposes to discuss the achievements till date and problem faced in achieving them and where we lack under following headings:

- Crop improvement
- Crop Production
- Crop protection
- Post Harvest Management and Value Addition
- Economics & Marketing
- Basic Sciences
